

## **Pamela Shea**

Pamela Shea is a Board Certified Behaviour Analyst. She received her Master's in Applied Disability from Brock University, Graduate Certificate of Behaviour Analysis from the University of North Texas, her Undergraduate Honours degree in Psychology at Queens University, and a diploma in Behaviour Science Technology at St. Lawrence College. Pamela is committed to the field of Applied Behaviour Analysis and a long standing member of the Ontario Association of Behaviour Analysis. Pamela has spoken at a number of conferences on topics such as motivation, anxiety, sexuality and development of a best practice model of providing community based behavioural services. Pamela has worked as a Clinical Supervisor at CHEO-Ottawa Children's Treatment Centre. She supervised the IBI program run out of the Children's Hospital of Eastern Ontario and worked as a Behavioural Consultant at Ottawa Children's Treatment Centre and Lake Ridge Community Support Services. She is committed to the dissemination of Applied Behaviour Analysis through the education, and mentorship of students in the field. She has supervised many BCBA candidates. Pam is a co-author of two books on the Supervision Curriculum for BCBA. Pamela is also interested in using Applied Behaviour Analysis to tackle world issues such as discrimination and environmental issues. She is committed to helping individuals in need and has volunteered for Habitat for Humanity for several years.
